Y. M. H. A. QUINT ANNEXES THIRD; KENTS ARE COMING

(By John Postol.)

On next Tuesday night the Kent All-Collegiate Five of New York will play the local Y. M. H. A. at the Madison avenue auditorium. This team is one of the best in and around New York, and in bringing them here, Mr. Lewis, secretary of the Y. M. H. A., made a ten-strike as they are in the same class as the Kent All-Collegiate. The Kent All-Collegiate last year and will meet the Original Celtics at a later date. On their roster is Eric Holman, brother of Nat Holman of the Celtics.

Locals Win Third Straight.

With Billy Marron, last year's ace in the lineup, the Y. M. H. A. emerged victors over the speedy Silent All Stars, last night at the local Y. M. H. A. gym, final score being 35-32.

It was Billy Marron's first game with the locals this year and he was given a big hand by the fans. His all-around playing was largely responsible for the locals' victory, although Rube Gordon and George Wexler came in for no little amount of glory.

The visitors took the lead at the start. After five minutes of playing, Grossing dropped in the first basket for the visitors, and followed it up with another. Dave Kaden then shot a pretty double-decker for the locals' first score. From then on it was anybody's game, and at the close of the first half the locals were leading 18-17.

The second half found both teams playing at top speed. At the end of the last few minutes of play when pretty shooting by Mooney and Marron gave the locals the necessary points.

Rube Gordon and Billy Marron scored most for the locals, garnering a total of 23 points between them.

The blocking by George Wexler was a feature. His blocking made at least four baskets for the locals.

Capt. Max Fittelson played his usual brilliant game at guard.

The wonderful shooting of Grossing and Rube Gordon was the redeeming feature of the Silent's play.

Lineups:

Y. M. H. A.	G.	F.	Pts.
Mooney, r.f.	3	0	6
Marron, l.f.	4	4	12

Junior's Also Win.

In the preliminary game the Y. M. H. A. Juniors emerged victors over the Devon Juniors 35-16. The Devonians gave the Juniors a tough run in the first half but the Y. M. H. A. got off to a big lead early in the second period which the Devonians could not overcome.

It was their third straight win. Harry Schwartz scored most for the winners, dropping in four field goals and two foul shots while Benny Schenck and Reekowitz dropped in three double-deckers each. While Baldwin looked good for the losers, lineups:

Y. M. H. A. Jr.	G.	F.	Pts.

Cambridge, Nov. 8.—The soccer team which represents Harvard this season is drawn from the ends of the earth. On the varsity team Turkey, Bermuda, Syria, Brazil, the Bahamas and England are represented, and another regular hails from San Francisco.

The team is being coached by W. R. Welch, a former British professional, who has been in this country for eighteen months and likes everything here except the way his Harvard pupils play soccer.

BEAVERS REAPPEAR ON WEST VIRGINIA FARM

(By International News Service.)

Marlington, W. Va., Nov. 8.—Beavers have reappeared in West Virginia after an absence of more than half a century, according to G. W. Sharp, chief deputy of the State Game and Fish Commission.

A colony of the busy animals has built a dam on Bear Coat Creek at a point where the creek flows through an abandoned farm. At the request of the owner of the land the commission has officially designated the farm as a State game refuge.

CORBETT SUGGESTS NEW BOXING RULES

James J. Corbett, the former heavyweight champion of the world, is just completing a new set of boxing rules which he intends to name after and dedicate to the late Theodore Roosevelt, whom he refers to as "the most illustrious boxing patron the world has ever known."

Corbett's new ring laws have been reviewed by several paid-to-authorities of international reputation, who have pronounced them to be the best ever written. In an interview in Indianapolis, Sunday, Corbett said:

"These rules are, in my estimation, more comprehensive, practical and sportsmanlike, for modern usage, than the original Marquis of Queensberry or any other rules which have been brought out up to the present moment. I have used the old ring laws, set down by the astute Marquis, as a foundation for my code, for which I will gladly make full acknowledgement."

"If my rules do not prove satisfactory in every respect I feel reasonably sure that they will at least serve as a first-class groundwork for the much-needed eventual official compilation by a more capable authority on the subject than myself."
